Print Form

STORMWATER CONTROL PLAN APPLICATION

FORM A: POLLUTANTS OF CONCERN SOURCE CONTROL MEASURES

Indicate with a check mark all of the following uses and activities proposed at the site:

- ☐ 5,000 sq. ft. commercial development (loading/unloading dock areas; repair/maintenance bays; vehicle/equipment wash areas)
- ☐ Automotive service shop (including any of the following: fueling area; repair/maintenance bays; vehicle/equipment wash areas; loading/unloading dock areas)
- ☐ Restaurant
- ☐ Retail gasoline outlet
- ☐ Parking lot

Complete the table below. List potential source of runoff pollutants and pollutants of concern, and describe proposed source control measures and appropriate BMPs (refer to **Appendix A: BMP Fact Sheets** for resources and required source control measures).

Potential source of runoff pollutants	*Potential pollutants of concern*	*Potential source control measure and BMPs*
