

ATTACHMENT 1:

June 2011 Revised WSIP - General Project Changes (Projects Eliminated, Project Added, Organizational Changes and Name Changes)

Overall, the proposed June 2011 Revised WSIP is very similar to the June 2009 Revised WSIP. There are only a few general project changes reflected in the Notice of Change documentation which are described below.

Changes for the proposed June 2011 Revised WSIP include one (1) project moved from one region to another region, one (1) region name change, and one (1) project name change.

Projects Eliminated

No project has been eliminated.

Projects Added

No new project has been added.

Organizational Changes

One (1) project was moved from one region to another for management purposes:

- Project CUW36302: System Security Upgrades has been moved from the Bay Division Region to the Support Projects Region

Project Name Changes

One (1) Region name was changed as follows:

- System-Wide Region to *Support Projects*

One (1) project name was changed as follows:

- Project CUW38802: Habitat Reserve Program **to** *Bioregional Habitat Restoration*
